Sub: In support of age relaxation in civil services examination as done in 1979

Dear

Today I had the pleasure of meeting a young group of dynamic civil services candidates. I found the students a motivated lot, who will definitely bring about a positive change in the civil services arena, if given a chance to excel. They have the right attitude, the right knowledge and the right skill. What keeps them away from a job that is rightfully theirs is the want of an age relaxation in the civil services examination as done in 1979.

They have certain concerns that they would like to address to you. I have found their reasoning sound and with your help I believe many lives could be positively altered. I would appreciate if you could personally look into this case. Do let me know if I can be of any assistance to speed up this process.

I have attached the related documents for your perusal.

Yours Sincerely,

(Priya Dutt)
